Reason for 2008 imagery request:

DO NOT SHARE THE 2008 IMAGERY FILES BEYOND LTER and CZO

You are required to abide by limitations on the use and distribution of the 2008 orthoimagery. This imagery was obtained for the Niwot Ridge LTER group and the Boulder Creek CZO group through a collaborative agreement with the U.S. Geological Survey, which in turn has an agreement with the Denver Regional Aerial Photography Project (DRAPP) and the Denver Regional Council of Governments (DRCOG). The 2008 DRAPP imagery is under restricted license until two years after release, which occurred approximately 2/10/09.

I agree to limit the use and distribution of the 2008 DRAPP orthoimagery to the LTER and CZO groups.

Download this form, complete, and email to Niwot Ridge LTER data manager: lternwt@colorado.edu.
After receiving the form, the data manager will send instructions on obtaining the 2008 imagery.
